SHEEP TRANSLATOR — HACKATHON SCRIPT

Characters:

- Narrator (Jasper)
- Rico
- Leda

[Scene 1]

(Projector shows slides1）

Narrator:
Rico is a very shy girl.

Every day, she sees Leda in the library…

And every day, she wants to talk to her.

But she never has the courage.

[Scene 2]

Narrator:
One day, an idea came to her mind.

Rico:
I can use the sheep sounds to say hi!

(Projector changes to Sheep Translator interface)

Narrator:
So Rico opened Sheep Translator.

She typed:

“Hi… what’s your name?”

Then she recorded her own sheep sound.

[Scene 3]

Narrator:
The next day,
Rico finally stopped being shy.

She walked up to Leda…

and played the sheep sound.

Speaker / Sound:
“Baaaaaaaaaaa~”

(Pause)

Leda:
(suddenly realizes)

Wait…

I can use Sheep Translator!

[Scene 4]

Narrator:
Leda opened Sheep Translator.

(Projector changes to translation result)

Projector Text:
“Hi… what’s your name?”

Leda:
Oh!

Hi, I’m Leda.

Do you want to go to a farm together
and listen to sheep sounds?

[Ending]

Narrator:
And that…
was the beginning of their story.

(Optional final line)

Narrator:
Sometimes people are not afraid of talking.

They are just afraid of making the first sound.
